

Working Foreman / Carpenter

Job description

About us:

OMNI Building Services specializes in commercial build-outs, renovations, and facilities maintenance, serving a diverse range of industries across the East Coast. Our commitment to safety, service, and quality underpins every project we undertake, ensuring success and client satisfaction.

Position Summary:

OMNI Building Services is seeking an experienced Working Foreman/Carpenter to lead our construction projects. This role demands hands-on carpentry work, team leadership, project planning, and adherence to safety and quality standards. The ideal candidate will be a problem-solver with a passion for building and renovating spaces.

Key Responsibilities:

- Supervise and lead construction teams, ensuring projects are completed on time, within budget, and to the highest quality.
- Perform carpentry tasks, including framing, finishing, and fixture installations.
- Coordinate project activities, including material procurement, task assignment, and progress monitoring.
- Communicate effectively with clients, team members, and management.
- Troubleshoot on-site challenges and provide practical solutions.
- Maintain a safe and clean job site, adhering to company and regulatory safety standards.

Qualifications:

- Proven experience in carpentry and construction project leadership.
- Proficiency in using a variety of hand and power tools.
- Ability to read and interpret blueprints and construction documents.
- Strong organizational and time management skills.
- Excellent communication and team coordination abilities.
- Commitment to safety protocols and quality craftsmanship.

- Valid driver's license and reliable transportation

Benefits

- Health and Dental Insurance
- 401(K) plan with company match
- Paid time off and paid holidays
- Two weeks vacation to start
- Education tuition assistance

Reports to:

- Vice President, Building Services

Pay to commensurate with experience and certifications.
